This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

PRÆFATIO.

HUMANITATIS et Literarum studiosorum commodis haud mediocrem in modum consultum iri arbitrabamur, si celeberrimum illud opus, in usum Serenissimi Delphini olim concinnatum, illustratum, et apud nos quasi consecratum, novæ incudi, prelo nostro Britannico redderemus; quippe quod importune requirebat publica vox, et clamose flagitabat; et rarescebat adeo jampridem apud bibliopolas universa singulorum voluminum congeries, ut vix impetranda et exoranda esset. Concedendum est etenim, omnes et singulos auctores in usum Delphini editos, collectim, vix ullius pretii tunc dierum emi potuisse: ideoque collectionem omnium editionum Delphinianarum, commentariis, observationibus, discursibus, et notis criticorum optimorum probatissimis, una cum notitiis literariis, tam librorum impressorum quam manuscriptorum, qui in publicis Britanniæ bibliothecis inveniendi sunt, adjunctis, in uno fasciculo comprehensam, pro nucleo elegantiarum, et florilegio copiosissimo bibliothecis publicis

accommodatissimo, et librorum collectoribus, atque omnibus literarum classicarum studiosis, indice quasi promto, et directorio utilissimo, sumendam atque coagmentandam esse.

Deterrebat attamen nos tanti operis magnitudo, nimia impensa ingravescens onus quam cui privatorum humeri sufficere valerent, nisi labori subvenirent manus rite auxiliatrices, nisi incepto aspirarent refocillatrices auræ. At grata supervenit suffragatorum cohors atque patronorum; in id quod maxime verebamur, lucrum incertum, ingratum, impensis non responsurum, allatæ sunt suppetiæ; ascripta sunt nomina clarorum, nobilium, doctorum, omni laude, summis gratiis cumulandorum virorum, qui collatitiis quasi stipendiis nobis succurrere non sunt dedignati. Non defuit ipsa magnanimi regis majestas, doctorum et doctrinæ adjutrix, qui regiam nominis auctoritatem et interventum benevolentior largitus est. Amoto igitur isto ad quem adhærere potuissemus obice, summa industria et intentiore animo ad laborem nosmet accinximus indies procliviorem, et editiones veterum Latinorum scriptorum, quos Classicos Gellius appellat, incude reficiendas, reformandas, et limatius expoliendas curavimus.

Ast enimvero summa industria et ἀκριβείᾳ indices, qui et optimi et selectissimi, exquisitius elaboratos

concinnavimus, qui et cum ipsis scriptoribus concordissime consentiunt, et illos tractabiles admodum efficiunt. Neque etenim huic solum rationi inserviunt indices; non ad hos usus solos accommodati sunt, ut universa ipsorum scriptorum vocabula contineant, ad quorum fidem et auctoritatem relegentur atque religiosius astringantur lectores, aut, ubi res postulat, ad memoriam revocent; sed ut in promtu habeant literarum bene Latinarum studiosi integerrimum penu, et puræ Latinitatis finium ac veluti pomœriorum circumscriptionem.

Vehementissime nimirum ardemus omnes mutuo sermone et commercio apud Veteres versari. Quodcunque de gigantea virorum illorum doctrina, moribus, historia, atque artibus, ad nos posteros, pumilionum genus, devenit, non potest quin ampliora de illis, quibus jam tot et tanta debemus, anquirendi, indagandi, atque pernoscendi desiderium augeat. Atqui ita hic introgressi, et data coram fandi copia, concionem nunc una habeamus, et familiari colloquio utamur cum philosophis et rhetoribus, cum poëtis et historicis ætatis priscæ, in splendidissimum istum et quasi divinum cœtum simul admissi: 'Panditur interea domus omnipotentis Olympi.'

Quinetiam viam quam maxime præstruximus ac complanavimus, qua facilius obviam iretur istis dif-

ficultatibus quæ et suavitatem lectitantibus et attentionem animi nonnunquam interpellabant, quantulacunque scilicet verborum obscuritas foret, et rerum ignorantia. At omnia istiusmodi offendicula, quibus euntium pedes impingi potuissent, amota; amplissimum atque optimum Commentariorum VARIORUM apparatum uniuscujusque auctoris argumentis annexum idcirco præbuimus.

Hæc tantum erant, atque ea perpauca, quæ diceremus de operosiori nostro incepto, de absoluto tandem labore. Grande munus polliciti, magnum opus ingressi, magnis ausis non excidimus; non id aggressos erubescent chartæ. Quæsita meritis sumatur superbia. Omnes procellas eluctati optato tandem potimur portu. Nihil desideratur; ea re sola excepta, quod non concessit Deus, ut ILLI vivo ad pedes submissius nos bene memores consecraremus opus ad extremam manum feliciter adductum et perfectum, quod, regia benignitate cœptum, honoratum, fovere atque patrocinari dignatus est. Hoc saltem inani munere fungamur.

Nostrum fuit Recensus Bipontinos recensere, et ubi defecerant, supplere; errores, qua fas, corrigere; et Notitias Literarias, ordine digestas, tam Editionum quam Versionum, ex quo tempore Bipontini cessant, offerre lectori. Præterea, codices Clas-

sicorum in usum Delphini editorum, qui in publicis Britanniæ bibliothecis conservantur, explorati, notati, descripti, ad Notitias Bipontinorum accedunt. Hæc additamenta debentur GEORGIO DYER, qui, ut Bipontinorum erat multiplices editiones impressorum librorum inspicere et perpendere, eandem viam in additamentis ingressus est; ubi vero non in promtu adessent ipsæ editiones, sententiæ vel auctoritati criticorum et bibliographorum accedebat, quorum ob doctrinam et ingenium tutum foret. In manuscriptis explorandis et recognoscendis, necesse etiam visum est ipsas bibliothecas revisere. Fuit ubi catalogis bene et in ordine concinnatis confisum; ubi pauca quædam librariis, et ipsis doctis viris, per epistolas summa benevolentia transmissas, debita sunt. Hoc jure dixerimus; manuscriptorum Britannicorum Index, Delphinianorum saltem Classicorum, seriatim digestus, et viris criticis accommodatus, qualis hic est inveniendus, frustra alibi quæreretur.

Nihil hic præfandum censemus de scriptoribus ipsis, quæque singulos tangunt; quippe quod et alii de illis luculentius et abundantius plurima sunt procemiati: sin etiam in hoc nostro limine singula de singulis scriptoribus præmonenda lectori forent, vix isti labori, adeo sunt multa, sufficeret procemium, sed liber ipse amplus exarandus foret. quorumcunque indigeretur, ea omnia præcavit doctissimi Episcopi Abrincensis provida mens: cura ipsius singulis præeunt Prolegomena, Dedicatio, Vita. Postulatur tantum, ut quod animo propositum haberemus, quod ipsi fecerimus, non quod alii fecerint aut scripserint, nos hic loci diceremus. Quæ regio in terris non horum plena? Ipsi Classici, quos nuncupamus auctores, nomina, argumenta, per orbem terrarum pervulgata, ita nunc dierum innotuerunt, ut vel e cunabulis ea, ut ex uberibus matrum, pueros imbibisse dixerimus; ut vel Mantuanum vatem, numerosum Horatium, Tullianam dicendi copiam balbutiant: necnon etiam sibi vindicant adolescentuli reconditissimas et gravissimas Taciti sententias enodasse, expediisse. Ii omnes nunc splendidis honoribus decorati incedunt; neque tantum ut omni labe, omni errore carerent, quantum in id caveri poterat, curatum est, at profecto ut copiosissimo apparatu instructi prodirent; et, quod præcipuæ laudi, ut *Varias Lectiones* complecterentur, quantis impensis, quam largis, quam effusis paratas, comprobatas, id fide majus, nisi experti, haberemus.

Haud nimirum silentio prætereundum videtur, nos summa cura Imagines Virorum, Ciceronis præcipue, Nasonis, et Cæsaris, quorum nunc temporis genuinæ ac superstites servatæ sunt gemmæ, graphice expres-

sas, exhibendas voluisse. Vix etiam potest fieri quin innumeras alias, et illas ligno incisas, picturas sibi donatas demiretur lector.

Quascunque leges præscribendas rati eramus; quascunque conditiones nobis imponendas, ne quid detrimenti respublica literarum caperet; quæcunque data fides, qua maxime gratia lectoris conciliaretur; iis quam sanctissime stetimus, quam maxima, qua par erat, observantia, liberalitate, quam tenacissima recti conscientia; eas quasi votorum rei servavimus, et, pro humanis viribus vix unguem deflexi, quam felicissime metam attigimus.

Tibi exinde, benevolentissime lector; vobis, benevolentissimi omnes istius nostri operis patroni, omnia bene fortunata precamur: VALETE, SALVETE, FAVETE.
